For many years now, Mettatron and the guardian angels of the Tree-of-Life have been offering their loving healing energies and radiance at workshops, ceremonials and journeys to sacred sites undertaken by friends of the Tree-of-Life Mystery School. Given the recent shift in planetary frequencies, Joseph-Mark has been guided to offer consultations and channelings that allow those who wish to receive guidance from Mettatron (and friends) to experience these healing frequencies directly.

Overview of Private Consultations:

Joseph-Mark Cohen has been offering professional holistic and kabbalistic astrology readings and transpersonal channelings since 1972. The format of these sessions has certainly changed over the years. Clients have often expressed (years thereafter) their gratitude for guidance that came through during a session with Joseph-Mark. The Private Consultation will go as deep as you allow it to. Joseph-Mark will bring through a poetic channeling of rich humour and compassion (& occasionally harmonic chants) that will touch your heart, open your mind to new pathways and offer you unique vibrational healing frequencies.

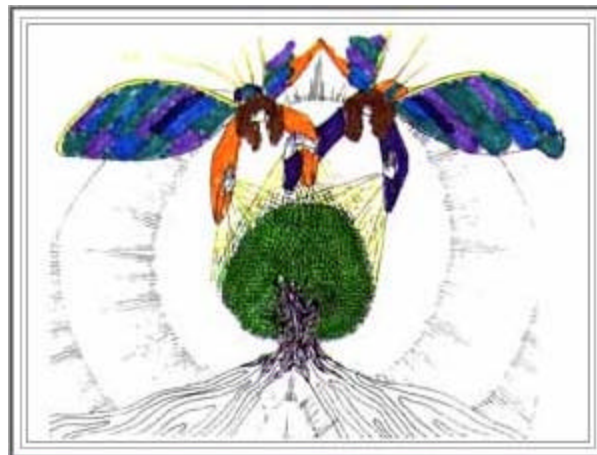

The standard rate for taped sessions is \$222 (U.S.) for 90 minutes, \$111 for 45 minutes.

- *90 min. taped Telephone Conversation (initiated by you) with Joseph-Mark Cohen (Call 1-888-633-2214 to book)*
- Discuss your personal issues and questions; identify the emotional and psychological areas where you may be blocking your spiritual growth. Joseph-Mark will have cast your personal Tree-of-Life Map utilizing your kabbalistic astrology chart transposed

to the spheres of the Tree. This map is clairaudiently decoded with the help of the relevant gematria degree poems resonating from *Aleph 2160: A Zodiac Oracle* (recently published by Tree-of-Life Publishing) .You are free to choose whatever you wish to focus upon for this session. Joseph-Mark will usually cover the following within the format of your first private consultation : soul path, relationships, health & healing , right livelihood, creativity, children, initiations, sacred site journeys, symbolic dreams, personal ceremonials.... and much more.

- - *45 min. Kabbalistic Healing & Tree-of-Life Consultation*
 - This session offers you an imaginal journey via your personal tree-of-life soul map with the *kavannah* or intent to clear impediments and karmic leftovers weighing down your Light Body. The session is choreographed to clear the spheres of your energy bodies as you consciously rescript core beliefs or thought-forms that may no longer be serving you on your journey. If appropriate, Joseph-Mark may share simple meditations and breathing practices to open your heart to hear a music that yields pure angelic guidance. This will trigger a cascade of time-released healing vibrations. One of the following Angel Elixirs may be useful to enhance or support what is channeled through for you during this consultation.
