

Pneemah Portals for 2012

For many years, I have made it a ceremony to survey the astrological landscape of the Gregorian year to come between Winter Solstice & January 1. The "portal" days that I find were posted as Pneemah Portals & a small coterie of my former Kabbalah students tuned in on these days & offered meditations & chants drawn from what have come to be known as the Shem 72 Divine Names by those who are familiar with Yehuda Berg's "The 72 Names of God". This year, 2012, has such astrological significance that I feel anyone who follows their astrological transits would benefit by meditation at these key portal dates. Yes, all new moons are important seed moments & could be added to what follows. If you would like a brief e mail or mp3 file of the sonics that go with the 3 Hebrew letter codes, kindly send an e-mail to zodiacoracle@yahoo.ca & let me know...

What follows are the key Portal dates and meditation times for 2012:

(Times quoted are for Pacific Time Zone, add 3 hours for EST, 8 hrs. for UK)

1) **Jan. 23:** New Moon in Aquarius at 3 degrees on the 22nd at 11:40pm on the 22nd The 23rd is the Chinese New Year of the Water Dragon. The Chinese Oracle would suggest that this is a good year for strong & enthusiastic human beings who follow the "perseverance furthers" guidance of the I Ching. We would be well advised to be guardians of pure water sources this year & envision the purification of those that have suffered contamination. Mars goes retrograde on the 23rd at 23 degrees of Aquarius suggesting that there will be "eruptions from beneath the ocean floor". The 3rd degree of Aquarius (303) speaks of Sheeba, *sheen-bayt-aleph*, the return of the Shehheenah feminine-divine energy to our planet. The kabbalistic meditation is on linking up with Star Elders/Ancestors who dwell on nearby starsystems of Altair & Albireo....

2) **Feb.4:** Sun at the 14-15th degree of Aquarius. Meditation on the one known as Metatron (gematria 314). On this day, the planet Neptune officially enters zodiacal Pisces. Neptune's influence will be strong in its home sign of Pisces for the next 14 years. This augurs well for the return of energy medicine & vibrational healing techniques with sound, light & essential oils in the realm of healthcare. If you feel connected to Egyptian Mystery School work, this would be a good day to tune into the sonic healing practices that were taught at Saqqara...

3) **Feb.19-21:** Sun conjuncts Neptune at 12:41pm on the 19th. The New Moon at 2:42 Pisces occurs at 2:35 pm on the 21st. The Moon conjuncts Neptune, Sun, Chiron & Jupiter on the 21st. This New Moon offers us an opportunity to strengthen our link with the Dreamtime or what David Wilcock likes to call the Source Field. The imagery for this degree in Aleph 2160: A Zodiac Oracle suggests that this would be an ideal day soul purification, to put on a garment of light & just let the darkness pass.....

4) **March 24:** The Spring Equinox occurs on the morning of March 20th which is the official New Years Day for Astrologers. The New Moon at 2:22 of Aries occurs on the 22nd of March. You have to love all those 2s... 222 is the gematria of "blessing" & "to ride in a chariot" in Hebrew... However the real spring equinox portal day is March 24th at 11:20 am (PST) when Sun conjuncts Uranus at 4:32 of Aries (432 is the gematria of the word Tayvel, our globe,planet)(see the 5th degree of Aries in Aleph 2160). Uranus is the astrological rebel, the planet that has its North Pole to Galactic plane & centre, the transformation agent, the hhashmal or electricity... We may even experience a solar change this day... a cme.. coronal mass ejection...a new energy being emitted from or through our Sun..... The Hebrew meditation this day is upon Shemesh.Tzedakah...

5) **April 6:** The full moon in Libra at 17:23 degrees is the Passover/Good Friday moon, the first full moon after the Spring Equinox. In Aleph 2160 AZO this degree speaks of inaugurating the New Jerusalem. This may serve to focus our attention on the new Earth Crystal Grid that is forming in our time, the new earth temples, the new ley lines of light & yes, the Stargates that are being opened at

this time. You might want to read the writings of my friend John Michell before your meditation on this day! Or consider what Palden Jenkins refers to as the "politics of portals". The planet Pluto is about to turn retrograde from our vantage point on the 10th of April. If your meditation occurs after a traditional Passover Seder with 4 cups of wine, you might consider taking a sip of the cup of Elijah in the middle of the night!

6) **April 22:** Earth Day in 2012 has the Moon conjuncting Jupiter & Mercury conjunct Uranus. This offers us a beautiful opportunity to actively share the most positive ecological, environmental & free energy initiatives with all those who have been longing for a "regime change" on Planet Earth. Let us honour the work of Jose Arguelles should we find ourselves "riding a tunnel over the riptides".

7) **May 13th:** This day, called Mother's Day, features a Sun conjunct Jupiter at 24 degrees of Taurus & Moon conjunct Neptune at 3 degrees of Pisces. This is a day for gifting & for gratitude & for the return of the love of the Earth. It is a day for "metanoia", a change in the way we look at who & what we are...(see degree 54 in Aleph 2160)

8) **May 20th:** New Moon at 1 degree of Gemini, Solar Eclipse. The parts of the earth most likely to be effected by the eclipse are the Chinese coast, Tokyo & the western part of the USA. Given the Gemini theme here, the UAC astrological conference in New Orleans may be abuzz with newsbearing messengers. The meditation today is a breath meditation on the spheres of the Tree of Life.

9) **June 4-6th:** This portal begins with a partial lunar eclipse of the Sagittarian full moon. The eclipse path traces regions of eastern Asia, Australia & western portions of North America. The full moon is at the 15th degree of Sag., 255th degree of the zodiac. Sun conjuncts Venus on June 5 & if you have the right viewing station & eyes to see it, you may witness Venus visually crossing between your earth station & the Sun. This passage is one noted by CJ Calleman in his first book on the Mayan Calendars. His idea is that there could ideally be a hemispheric integration happening during this portal... seeding a unified field consciousness in Humanity. There will be many groups of Sungazers gathering to view Venus

during its passage. Pneemah participants will be invited to join in a tour to either Tintagel in Cornwall or seminar on a Mediterranean island where the passage will be visible.....

10) **June 29th** 8am-2pm (PDT) Yes the Summer Solstice on June 20 is a day for celebration; however the day for prayer is the 29th when the Sun opposes Pluto in Capricorn & squares Uranus in Aries. That migrating Uranus Pluto square lasts until 2020 & beyond... it is the transformation/transmutation combo that is marking the big shift in Earth Evolution. So today we may see/feel a big piece of the puzzle fall into (or out of!) place. If you have in your possession a copy of the Crop Circle Oracle Cards, card 71, resonant with Yonah, the dove.. would be a good card to meditate on. The message: find deep inner peace amidst the apparent chaos of the material world....

11) **July 22nd** The Sun enters Leo today with Moon in Virgo trining Pluto & squaring Jupiter. This is a good day for tygers in the year of the dragon... This is also the time of year that the most majestic Crop Circle Creations appear in the fields of Albion (UK, Wiltshire).

So if you have the spirit of adventure (& a few gold or silver shekels in your pocket) you may want to join our annual journey to Wiltshire, Bath, Tintagel & Devizes for Steve & Karen Alexander's annual conference & visits to freshly minted Crop Circles. The full moon on Aug.1 at 10 degrees of Aquarius is particularly potent.

12) **Aug. 17th** New Moon at 25 degrees of Leo on this the anniversary of Harmonic Convergence 1987, announcing the final 26 year cycle of the Mayan Long Count calendar... This year your astrologer plans to be celebrating HC in Ireland. re the meditation for today, listen to the 145th degree poem from Aleph 2160: A Zodiac Oracle:

*A golden sheath of light ties us to the elohim filaments threads
Interweaving the earth crystal cords extending from Earth Mother's soul vine
To the 12 constellations anchoring pillars of light to 36 sacred sites
Attuning Gaias grid-lines our meridians to the stars Look hawks are
Circling our sacred mountains 9 hover over Kootenay 7 over Tamalpais 5 over Shasta
V'ya'al Eliyahu v'sarah And Elijah rose up in a whirlwind.....*

13) **August 22:** Sun at 0 degrees Virgo 10am The meditation today is on the secrets tucked away under the paw of the Sphinx aka the Hall of Records... a resonance with Atlantis as the Sun is soon(24th) opposed Neptune, time to open your personal Hall of Records & dance with the energy held by what a Jungian would call your shadow....

14) **Sept.17:** Rosh Hashannah New Years in the Hebrew Calendar begins a 10 period of inner cleansing of heart & soul. Pluto turns direct this day at 7 degrees of Capricorn. The Sun squares Pluto & opposes Uranus on Sept. 29th when Moon is full & conjunct Uranus 6-9pm. This is a pivotal turning point in 2012. The pathway on the Tree of Life goes from Hohmah to Da'at, the visionary power to navigate over the Void... More on this one in a later Pneemah pdf....

15) **Oct. 25:** 1-2 am Sun. is conjunct Saturn today in Scorpio.
This opens a new era for Saturn. The karma lords & guardians of our environmental & ecological well-being will speak loud & clear this day with something like a deep sea volcanic eruption. Herkimer diamond crystal meditation today...

16) **Nov.6 :** Election day in the USA as Mercury turns retrograde at 5 degrees of SAGITTARIUS. There could be a call for a recount & wikinews news by the Nov.13th Solar Eclipse with Saturn quincunx Uranus. The hemispheres of memory & visioning are at odds with one another. Meditation on the Sheen of cosmic fire!

17) **Dec.12:** The 12:12:12 celebration will take place the day before the New Moon at 22 degrees of Sagittarius. This day will find lightworkers, healers, earthlovers & guardians gathering at sacred sites planet wide to inaugurate a 12 day long Festival of Rebirth for Earth. Each day will represent a 2160 Year Zodiacal Month of our 26000 Great Year. The Sun will be sending Earth a stream of energy to recalibrate our magnetosphere during this time. The 12:12:12 is a time to dance & pray & sweat our prayers... a time to spin with the Mevlevi (in Konya this week) & make the turn to return to one heart centred true Human Beings....

Dec.21, 2012 Sunrise to Sunset.

There has been so much prophesied concerning this date that what you read hear may appear rather anti-climactic. Many young astrologers have failed to see the hidden aspects nested in the chart for this culminating date of the Mayan Long Count Calendar. Those of you who have been working with the **Crop Circle Oracle Cards** have much of the published literature available on this planetary event (via Jose Arguelles, CJ Calleman, Barbara Hand Clow, Geoff Stray, Maurice Cotterell & Andrew Collins). I have posted 1 or 2 You Tube videos on it if you prefer visual presentations. What many astrologers fail to see in the chart is a unique **double Yod** formation involving outer planets. Saturn & Pluto will be in an exact sextile quincunx Jupiter at 9 degrees of Gemini. This **finger-of-God** formation will be broadcast planetwide & who knows how many souls will be at the pyramid of Kukulcan to witness a Cirque de Soleil extravaganza...(I personally hope they conjure up a solstice serpent of costumed humans that slowly & hypnotically spiral their way up the Pyramid to morph into a hidden bed of laser like Quetzal feathers!) But the truth is that the Yod formations (the 2nd Yod is a Uranus/Jupiter sextile with Saturn at the apex) is an "opener of the Way" an aspect of Initiation that creates an aka cord of connection to soul memory, Spirit & multi-dimensional consciousness. So what we discover this day via meditation, ceremony & heart attunement with the rebirth of the Sun is what truly matters...

I will close here by sharing the degree poem for Saturn's position from

Aleph 2160: A Zodiac Oracle.

This poem, 30 years in its creation, is based on Hebrew gematria.

The gematria 219 (for the position of Saturn this day) yields words like: *haRuahh* (the Breath, Spirit),

Davar Ahhad (One Word, Unified Field Consciousness)

& *Beriah* (the World of Creation).

In the beginning is the world of *Beriah* there is no single thing apart
From the matrix of number space form indigenous music extraordinary memory
Stored in the space between skull & brain an undulating wave
Heart-beat pulsating along crystalline lattice Voice of the Dreaming
Touching the voice of the Earth voluptuous rhythms moving thru Bedouin Berber
Aboriginal blood all tribal nomads who beat the drum who eat from *Aytz Hagan*.....
