

Tour the Crop Circles of England June 16th - 28th, 2010 with Joseph-Mark Cohen & Alan Steinfeld

Come join New Realities and The Tree-of-Life School with Alan Steinfeld and Joseph-Mark Cohen as they team-up to lead an expedition to one of the most inexplicable Earth Mysteries, the Crop Circles of Wiltshire, UK. Are they hieroglyphs of our space visitors or creation codes from Gaia herself? No one in the last 30 years has actually solved this riddle, although there has been a glut of disinformation released to the media & a host of channelling from ET sources!

This will be a two week journey to the heart of the mystery near the primeval megalithic sites of Avebury and Stonehenge. Explore both old & new sacred sites and be there to witness where these enigmatic formations appear. It is a magical experience to be one of the first to enter a circle and feel the vibrant energies of a new formation. You will partake in a group process on mid-summer night to co-create a starglyph with a little help from our friends!

This will be one spectacular tour taking in the beauty and magnificence of the English countryside. With seminars at Arthurian legend sites, the magical town of Glastonbury, the Cornwall coast, and standing stone circles dating back thousands of years. We will be delighted to have you join us! Alan Steinfeld...

Cost: \$2888, includes all transportation in England, B & B lodging, ceremonies, plus seminars with special guests and visionaries that will address the group. We will be staying in charming b&b guest houses & retreats in Bath, Avebury, Alton Barnes, Tintagel & Glastonbury...

***Kindly send your deposit of \$1,000 to paypal account zodiacoracle@yahoo.ca
Or by bank deposit directly to our Scotiabank acct.. Call 250-229-2227 to reserve a space. (Final payments are due by May 15th)
Contact Joseph-Mark at 888- 633-2214 for further updates.***

The Itinerary:

Day 1 - June 16th - Arrive morning at Heathrow Airport and travel to Bath, the ancient Roman city. We will have our opening ceremony here. This evening we will celebrate Bloomsday at a local Irish pub, the day James Joyce made famous in his classic book Ulysses.

*Day 2 - June 17th: Morning in Bath, Take in the ambience of this ancient/ new town with a visit to the Roman springs, if you wish.. This afternoon we visit Avebury, a neolithic stone circle that has hosted many ceremonies for the fertility of the land & to honour the ancestors, before ours! We will be exploring the earth energy currents & tap into whatever the giant stones transmit to us.
Evening :We register at our B&B near Avebury & prepare for some lucid dreaming!*

Day 3 - June 18th - Full day of crop circle visiting. We will visit new circles, basking in their unique energies. We may have opportunity to meet other crop researchers in the fields such as Janet Ossebaard & Bert Janssen. Tonight we will visit with fellow "croppies" at the Silent Circle or a pub where many gather..

Day 4 - June 19th - Our destination today is Silbury Hill, often the epicentre of some of the most stunning crop circle formations. Joseph-Mark will offer an informal & fun intro to his Crop Circle Oracle Deck & we will see if we can discern the motif or message nested in the 2010 glyphs. We will explore the land near Silbury Hill & also journey to West Kennett Long Barrow.

Day 5 - June 20th - We journey today toward the other magnetic pole for major Crop Circle Formations near Alton Barnes . We will hike ceremonially to the hill called Adam's Grave , a place of great magic, beauty & mystery. We will explore the earth energy near one of the White Horses carved out of chalk in the Wiltshire landscape. Our charming B & B is located not far from Alton Barnes....But we may choose to be out under the stars for a nightwatch vigil to call in the new Solstice Crop Circle!

Day 6 - June - 21st - We have yet another ceremony planned for today. Joseph- Mark will guide us on an astrological ritual in the fields with stones & crystals which you may have brought for the occasion. Musical instruments are most welcome as well. We may have opportunity to take in a helicopter flight over the Crop Circles later today. There will likely be a great croppie celebration at a pub tonight!

(Week 2: Stonehenge, Tintagel, Eden Project, Devon & Glastonbury. We may have a few British or Scandanavian friends joining us for this portion of the Tour)

Day 7- June 22: We plan to visit the most well known of all British Earth Mysteries sites today: Stonehenge, & learn something about archaeo-astronomy & the Saros cycle as shared in the work of John Michell. We will then travel the land en route to the beautiful, rugged coast line of Cornwall for a mythic rendez-vous with Merlinesque magic near Tintagel..

Day 8 - June 23 - We will set up our very own round table today to explore the magical sites in the environ of Tintagel. Merlin's Cave has an undeniable magic to it, but it is a sea cave so the timing of our visit depends upon the tides & the weather. We might just have a day of leisure for massage, crystal & sound healing, journal-keeping or some earth magic...

Day 9 - June 24 - We will prepare for a morning ceremonial in Merlin's cave today before our early afternoon departure for Boscastle & then to a large Geodesic Dome Eden Project site that serves as a Biosphere in Britain. We will be journeying on to the coast of Devon for a visit to a remarkable sound healer & instrument maker there.

Day 10 - June 25 - We arrive at the spiritual heart of Albion today: Glastonbury. We will settle in to our retreat centre here & have opportunity to meditate at the Chalice Well Gardens, explore the town, the Abbey & take part in a sunset ceremony at the Glastonbury Tor. And there are always wonderful synchronicities & rendez-vous meetings arranged by Spirit in this busy little town! Some come here just for metaphysical shopping!

Day 11 - June 26 - This is the day of the Full Moon lunar eclipse with Moon conjunct Pluto in Capricorn. Glastonbury may be a tad too busy for us at this powerful portal moment. So we will be open to heading out to a new major Crop Circle or perhaps do our own ceremony for a Full Moon that may prove to be extraordinarily prophetic...

Day 12 June 27 - Breakfast in Glastonbury & a chance to go out to explore a site in the countryside speculated to be part of the Glastonbury landscape zodiac. We may be drawn back out to the Circles today if the weather is good & we hear the call. But we will be back to our retreat beneath the Tor tonight for an evening of Starwalking...

Day 13: June 28th - Our official closing ceremony will be a concert at the beautiful Chalice Well Gardens today. You will have the option of going to London to be with friends & prepare for your flight back on June 29th to your home or to stay on with Joseph-Mark & Alan in Glastonbury & sign up for an informal post-conference journey! Where to ?, you may ask.. Well, we are thinking of heading north to Roslyn Chapel & Iona in Scotland! Just let us know if you are interested in such a journey! Cheers,...

with love & light, Alan & Joseph-Mark www.treeoflifeschool.com

A Zodiac of Crop Circles From 2009

Aries: The Martinsell Hill "Starfishing" formation of July 19th is the one for you to meditate upon like a great Zen koan. You will find here a border crossing that requires a galactic Quantum Leap for you to negotiate!

Taurus: On May 25th, the CircleMakers sent you a belated birthday present at Windmill Hill. Your gift was an extraordinary cosmic windharp so that you might hear healing starpulses from the Tao & whispers from Pleiadian spirit guides!

Gemini: Smack on the Summer Solstice, June 21st, the Great Mystery imprinted a giant Yin-Yang Double-Spiral Mating-Dance Formation at East Kennett in Wiltshire, just for you! So meditate on your other half, your twin flame, your yet to be delivered soul-mate.

Cancer: Your circle arrived even before the Sun entered your sign. On June 3rd in a field at Little London, a weightless Dragonfly arrived to assist you in dissolving the albatross of the past & live in the magic of the Present Moment. Go for it!..

Leo: On June 14th this summer at Barbury Castle, a stylish & elegant Thunderbird appeared in the field. This bird invites you to take a journey that will allow you transit into a time zone that is technically timeless. So dust off your feathers & fly!

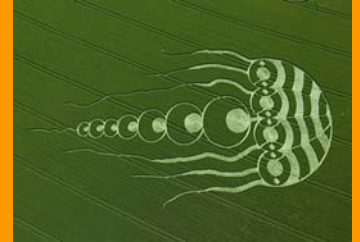

Virgo: An infinitely small & weightless creature arrived at Stanton St. Bernard in Britain this summer, July 2. A little hummer from the 5th dimension. A hummingbird to feather you with joy & feed you with Divine Nectar. So now you can migrate & know that "wherever you go, there you are!"

Libra: On the 6th of August, anniversary of Hiroshima, while you were in a blessing ceremony at the Chalice Well, the Circlemakers gave us a gift for the inner child at Windmill Hill. There is a star child named Lyra who will be chasing butterflies with you in the Dreamtime!

Scorpio: Your habit patterns & embedded emotional traumas will dissolve instantaneously within 72 seconds of meditation on the Wayland's Smithy "Jellyfish" formation of May 29th! Just let go, go with the flow, follow your bliss, etc..!

Sagittarius: The Great Mystery invites you to spring back from the Dreamtime & enter the kinetic kiva dance floor. Your formation is the greatest mystery of the season. On June 21st at the Summer Solstice in Albion, a staccato Kachina Dancer appeared in time-lapse photographic form upon Milk Hill. Time now for you to dance your cosmic dance!

Capricorn: Yes, it is a great challenge to have that ex-files planet of the Shadowland trolling for 20 some years through your sign. Pluto will be potent & kind & allow you to rise from the ashes if only you meditate on the Phoenix Crop Circle that came down at Yatesbury on June 12th.

Aquarius: The Masterpeace of the season is your personal holodeck for time travel, merkavah journeys & negotiating the dimensional border crossing of 2012. Tune into the headress of Kukulcan (aka Quetzalcoatl) that arrived on July 5 at Silbury Hill, a chalice for distributing cosmic frequencies pulsed through Silbury to the whole Earthgrid! Get out your tequila cup or your peyote buttons & fly!

Pisces: It did not last long. The farmer could not handle the energy & harvested the field a tad early! The formation at West Overton arrived in morning daylight on Aug.9th. Your zodiac oracle was there to make overtones & hear the music of the spheres in the Basket Triad Formation. Meditate on this beautifully woven Triad & you too will feel the Music & begin to Dance!
